

Pecan Pie

Ingredients

1 cup light corn syrup
1 cup sugar
3 eggs, well beaten
2 tbsp butter, melted
1 tbsp vanilla
1½ cups pecans
1 deep dish frozen pie crust (9-inches)

Directions

Preheat oven to 350° F. Mix corn syrup, eggs, sugar, butter, and vanilla. Stir in pecans. Pour into frozen pie crust. Place pie on baking sheet in center of oven. Bake 60-70 mins. To check if it is done, tap center surface of pie lightly. It should spring back when done. If pie crust is over-browning, cover edges with aluminum foil.
